DEAN OF THE COLLEGE:

Letter to Faculty

Dear Faculty Member,

On March 31 a faculty committee

representing members of the lay faculty submitted a report to me of their discussions concerning hours, salary, and adequate insurance. This report was subsequently discussed with the committee, on Monday, April 25.

Discussion clarified a number of points implied in the report. Both faculty and administration realize that "the commitment to a scholarly life" is a desirable and even necessary goal of the College. Considerable adjustments from both directions will be required if this goal is to be realized. The College will have to find the resources to support this complete dedication, and the faculty will, in its turn, have to assume the full responsibilities of this life of dedicated scholarship. The problems raised by the report remain under study.

With every good wish to all members of our devoted faculty, I remain,

Yours sincerely,

Brother D. John, F.S.C., Ph.D.,
Dean of the College
